## **HOBBIES & INTERESTS**

I love researching and singing. I play some musical instruments and directed the sound department in my church. I lead and have been involved with the Choir, church media and sound crew for more than ten years in my church which I've enjoyed being part of the team. More recently, I assumed the role of coordinating for the youth and relished the chance to take control of performances and react to a high-pressure environment of events.
